GET TO KNOW ISTI 2021

WHY ISTI, NOT ISI?

As we all know that during COVID-19, a lot of sectors were affected including tourism sector. Indonesia is known to have plenty of amazing places for tourists to visit. However, since COVID-19, it is unlikely to have tourists to come. Therefore, we include "Tourism" in this event because we wanted to attract not only foreigners but also local Indonesians to engage more with local places.

ISTI 2021 collaborated with Dolanesia, a digital platform established by teams from various countries to support and promote Indonesian tourism to the world.

ISTI 2021 THEME

"REINFORCE RESILIENCY"

Everyone is experiencing business struggles during COVID-19 especially when numbers of cases keep rising. This pandemic does not only affect businesses, but also individual's mental wellness.

Therefore, this year event's theme is to reinforce our resilience to the pandemic. The way we adapt, and how it can relates to the business are influenced by resilience.
